Because the story is just starting, I don't have much to comment on. all I want to say is that I am really happy. It's a 'I am glad', 'I love you', and 'what' feeling, so just let me be!

Man, maybe this work is the one that makes me feel the happiest in years. So it's true, Emiko likes these characters that are different from normal. If I have enough strength, I really want to do this forever. If its possible, please play with me!

Then I will see you next time!
